### Customer Experience

**4.9**

Customer Satisfaction

as of Q2 2023:  
from Google and Facebook Reviews

### Nadai Fujisoba

EcoSci Food is one of the most reliable supplier of meats for our company. They maintain the good partnership with us. All of them has been very accommodating and respectful. The quality is best. They will make sure to meet our standards.

**96%**

Delivery Accuracy

from Q2 2023 Company Scorecard

### MacroAsia Sats Inflight Services Corp.

Highly recommendable good customer service and prompt response to any query. Logistics is reliable when it comes to delivery and all the documents required for food safety is available.

### Gerry's Grill

I recommend EcoSci for its good service to their customers. Their staff is approachable, you won't be shy to ask. Everything is here. The service is good. The quality of their meat product is also good. You won't regret it.
